

HOW TO PACK DELIVERY BAGS

01

Put oversized books flat on bottom.

02

Then put 24 cm books (larger hardcovers) on one side with their spines in the middle of the bag.

03

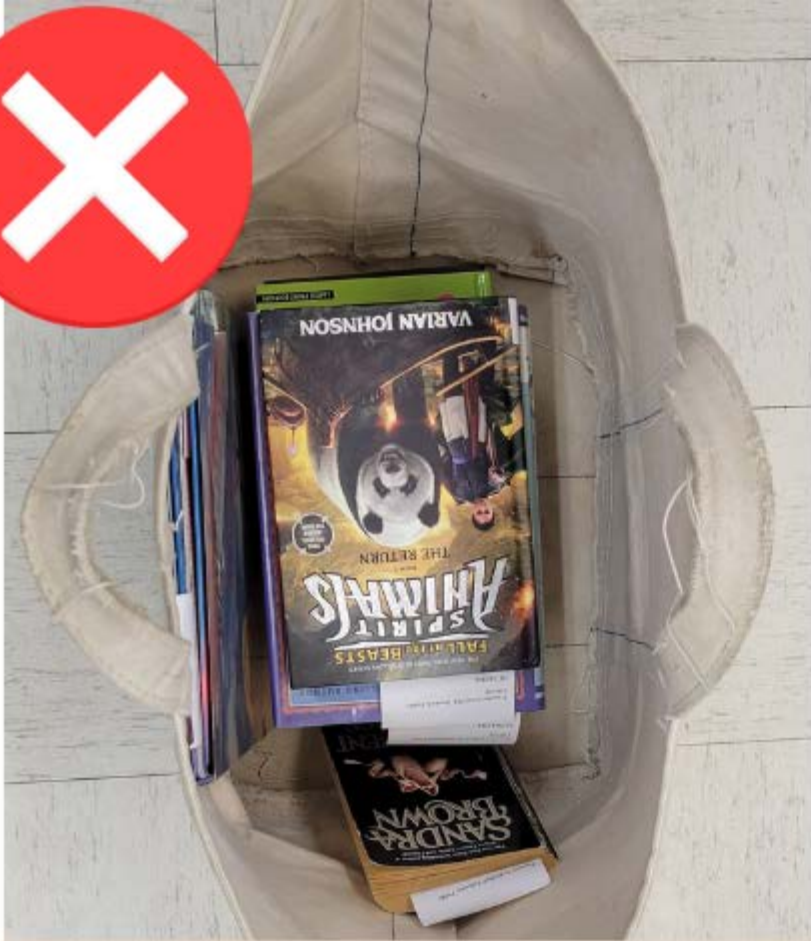

Place 22 cm hardcovers and larger paperbacks on opposite side with spines in middle of bag, so the stacks are spine to spine.

04

At the top of the bag, put dvds, paperbacks, and cds.

05

Multiple paperbacks can be turned sideways on top of one of the stacks. Place side by side, with spines facing inward.
